ABOUT INSTITUTIONS

Ponmudi Muthusamy Gounder Trust, Tirupur was founded in memory of the beloved father of the founder Chairman Sri.A.M.Kandaswami, a Philanthropist and Industrialist with a resolve to serve the society by providing quality education. The philosophical attitude and benevolent activity of the founder and his family paved the way for creation of various institutions for Education.

ABOUT THE COLLEGE

Sasurie College of Arts and Science was established in the year 2010 by the Ponmudi Muthusamy Gounder Trust, Tirupur. It was established in remembrance of our Chairman's dearly loved father, Shri A.M. Kandaswami, illustrious industrialist and philanthropist of strong determination to benefit society via quality education.

Being the top arts and science college in Tamil Nadu, it is dedicated to developing students with honesty and integrity, upholding the highest standards of academic, professional and ethical behavior to serve the changing needs of the future.

With a strong academic legacy and a future-forward approach, the college bridges traditional values with modern learning. It continuously updates its infrastructure and curriculum to keep up with international trends in education, providing a climate where excellence can flourish.

• ABOUT THE FDP •

This Faculty Development Programme (FDP) is designed to strengthen research competencies through emerging technologies and innovative academic practices. The programme aims to create a meaningful platform for academicians, researchers, and educators to explore the evolving dimensions of research in the digital era.

The FDP focuses on practical and ethical aspects of academic research, including AI applications in research, research writing technologies, data analysis and interpretation, publication procedures, and research ethics. Through expert sessions and interactive learning, participants will gain hands-on exposure to modern research tools and methodologies.

The programme also emphasizes academic integrity, collaborative learning, critical thinking, and human-centered research practices that contribute to quality education and societal development. It aspires to inspire educators and researchers to adopt responsible, innovative, and impactful research approaches in their academic journey.
